

# Hymn For Our Hometown

V1

**C** **G** **F**  
We tore down the old bus station  
To make room for more cars to park  
And put a trolley track  
Back in downtown to the school  
And broke our city's heart

*INSTRUMENTAL*

**C F G** **C F G**

V2

Building up, we're breaking ground  
We're waiting with our fingers crossed  
Will we make enemies of neighbors  
Gain a name and pay a heavy cost?

*INSTRUMENTAL*

**C F G** **Am F G**

CHORUS 1

**C** **G/B**  
Anyone we are, anything we make,  
**Am** **G**  
Anything we build, anything we break  
**F** **G**  
Anything we do, anything we've done,  
**Am**  
Anything our sons and daughters  
**G/B**  
Carry when we're gone

*BRIDGE*

**C F G**  
It is all inside Your arms  
It is all inside Your arms

V3

Sometimes I don't know my hometown  
It's getting harder to see the stars  
I have this hope that we will grow  
But I pray we stay a town at heart
